

Preventing Surgical Site Infection across a Region

We're delighted to celebrate these amazing results from the project...

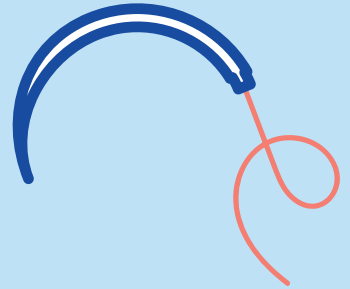

Compliance with the PreciSSlon bundle elements at NBT:

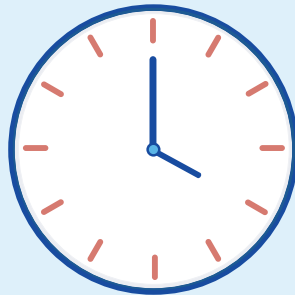

100%
Chlorhexidine

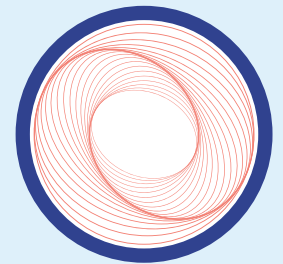

100%
Antibacterial sutures

100%
Second dose antibiotics after 4 hours

91%
Wound protectors

Figures from 244 patients

Thank you for all your help in making PreciSSlon such a success!
