

## Evaluation feedback – Emergency laparotomy collaborative

Date	Time	Venue
Thursday 24 <sup>th</sup> November 2016	08:45 – 16:00	Bristol Golf Club, Blackhorse Hill, Almondsbury, Bristol BS10 7TP

### Evaluation

31 attendees with 14 returns from possible 26 = 54% return rate

We want to hear your views. Below you will find a list of the presentations/workshops from today's event. Please give these a rating between 1 and 5 of usefulness (with 1 being not at all and 5 being extremely).

**Overall, how useful was this event for your Emergency Laparotomy team?**

1	2	3	4.6	5
---	---	---	-----	---

**Overall, how far did the collaborative meet your expectations?**

1	2	3	4.4	5
---	---	---	-----	---

### Presentations/workshops

For each of the presentation below, please score them on how useful each presentation was. Please use the space below the list of presentations for additional comments.

**Solving a problem like ITU – Dr Malcolm Watters**

1	2	3	4.8	5
---	---	---	-----	---

**Update and News Stories – Dr Nial Quiney**

1	2	3	4.2	5
---	---	---	-----	---

**QI: The final frontier – Dr Geeta Aggarwal & Tim Stephens**

1	2	3	4.1	5
---	---	---	-----	---

**Think about sustainability – Nial Quiney**

1	2	3	4.1	5
---	---	---	-----	---

**Virtual site visit**

1	2	3	4.6	5
---	---	---	-----	---

## Venue

How would you rate the venue (with 1 being a poor location, 5 good)

## Feedback

Please use one word to describe your thoughts on the day

Informative

Good

Challenging to continue sustainability

Good [unreadable] / very engaged

Re-energising

Thought-provoking

Excellent sharing of information

Useful update and networking

Stimulating

Encouraging

Good

What was your main learning from today's event?

How to keep improving practice and sustainability of projects

Learning from others

ITU -- access and improvement program

Good to share

WoE is doing well

Learning from RUH care of elderly pilot

Role of C of E and SPC chart usage

More visual displays to get greater engagement

Planning for ICU

Chart documenting current status and performance of NELA outcomes that we can show in theatres to communicate performance

Seeing how engaged the West of England teams are

Virtual site visit - fantastic!

Sustainability plan

SPC chart

Overall, how do you feel a *collaborative approach* has helped you / your team to adopt the ELC care bundle?

Helped me with understanding the bigger picture

It has improved our practice

Good catch up time for team

Massively

Massively helpful for sustainability

V important to have supportive MDT in hospital and across AHSN

Very good

Essential sharing of practice and lessons learned

Sharing & learning from each other

Seeing how others are doing

Being able to ask questions of others

Idea sharing

Data sharing to make change

**What actions are you taking forward within your organisations?**

Have a project to sustain the ELC offer next year in the department  
More policing on documentation; push for more surgeon consultant presence  
QI project for post-op goals  
M&M meetings  
Care of elderly liaison, sepsis screening on theatre booking  
Septic screening on booking EL  
GDFT  
Quarterly poster production - timely feedback  
PPV and trial new [allo-rhythm]  
Visual display  
Contact ICU to book all cases  
Use of electronic booking  
Evaluate structure of local steering group  
Communication with ICU re: admission of all cases

**Any comments about how we might improve future events/ the venue / refreshments or other support your Trust would like from the ELC?**

Maybe more interactive presentations and different topics  
More time for "site visits" approach  
Less fried food/ pastry  
Results from C of E project  
Really like the golf course  
Continue  
Venue location great but shame about projector issues and lack of willingness to help  
Toilet (ladies) floor was sticky

**Can you describe the impact of the ELC care bundle on patient experience? Please give an example if possible**

It's important because you will make sure that we took all the possible care that we could to improve the patient outcome  
The pathway will improve patient experience and survival rate  
Improved care and reduced mortality  
not able to --> we need to get there  
Currently reviewing case histories so will let you know!

**Thank you completing this evaluation form.  
Please hand to a member of the West of England team.**
